

# Chassis Lassies

Thank you for your interest in our all woman car club. The idea for the Chassis Lassies began with two women who were members of the Colorado Camaro Club. They enjoyed that club but felt it focused on competing with other members – what all the girls wanted was to only have fun! Therefore, these women along with four others formed the Colorado Chassis Lassies Car club in 1996.

This club is about having fun and including our families in the fun. Families are welcome at our events but we ask the female member represent her car at shows and parades. We meet once a month and discuss events of interest to the group; each member chooses what events they will attend. The summer months are full of car shows and parades.

We are a varied group – one year a favorite activity was to seek out friendly mechanics to give us basic engine information and answer questions. During the colder months we enjoy a variety of activities including plays, movies, dinners, bowling competition against the Weasel's, and participating in a walk for the the Komen Denver Race for the cure, and mystery trip in the fall. We value our members and their diversity and everyone is encouraged to bring their ideas to the meetings. Every September we have our own car show and support a fund raiser for a local charity.

O'Meara Ford is our club sponsor and they provide a meeting room for us once a month. The club meets the third Tuesday of every month at 6:30pm., except for November and December. We invite any woman who is interested in learning more about the Chassis Lassies to attend. Our annual dues are \$18.00 per year or pro-rated at \$1.50 per month.

Contact us at P.O. Box 351655, Westminster, CO 80035
